

Level 2 Certificate in Working Safely in Agriculture & Horticulture

Course Description

Level 2 Lantra Awards training course designed specifically for farmers, growers and workers in the forestry industry which has been developed to help address the high accident rates in these sectors. The Level 2 Certificate forms part of a progressive suite of qualifications tailored to the needs of these industries.

Content

The level 2 certificate is a single unit covering

- The effects of accidents and ill health on a business and its people.
- The role of the individual in the business concerning health & safety
- How to co-operate with others to improve health and safety
- How your work can affect the health and safety of others
- The consequences of 'safe' versus 'unsafe' behaviour and the impact that this has on the attitudes of others towards risk
- Examples of major sources of accidents and cases of ill health in agriculture/horticulture
- Appropriate measures to control the risks in agriculture/horticulture
- Jobs in agriculture/horticulture that require specific standards of training and competence
- The importance of checking that measures to protect health and safety in agriculture/horticulture are effectively applied and properly maintained
- The particular risks to children and vulnerable adults from agricultural/horticultural activities and the significance of relevant awareness and supervision
