

Felling up to 380mm

This course prepares the trainee to take the City and Guilds practical assessment.

Three Day Training with assessment to follow on a separate day, when completed alongside Chainsaw Maintenance and Cross Cutting we will endeavour to organise all assessments on the same day.
09.00 – 16.30 approx.

The course covers...

- Correctly assess the situation prior to free felling a straight open grown tree up to a maximum of 380mm diameter, and with the aid of wedges and/or felling lever, fell it in a chosen direction
- Remove limbs from felled trees and cross cut, handle and stack timber in a safe and efficient manner
- Identify types of timber, potential hazards and stresses, correctly assess if timber is in compression or tension, and select the appropriate technique to deal with the particular situation
- Take down hung up trees using hand tools
- Recognise situations where specialist help is required
